

## “Cool August Days II” August 1& 2, 2009

Again this August, the So Cal PI tour will be a weekend jaunt to Oxnard arranged by tourmaster Dan Murphy. As we had last year, we will have cool summer days, fine food, a unique Packard outreach car show, a little back road touring and most important, lots of fun. Don't miss it! We have a very affordable new hotel this year with parking right in front of the rooms and a catered dinner at the hotel Saturday evening.

Our weekend will start with a back country drive through Potrero Canyon and Oxnard farmland to Heritage Square, an outstanding group of restored homes, mansions and gardens in downtown Oxnard. We will park our Packards in front of the restored mansions and have time to both explore the area and have a group Italian lunch in the 100 year old McGrath mansion. After lunch we caravan to the nearby Murphy Auto Museum for a unique car show and Packard outreach. At our show, we are going to introduce Packard to the Oxnard “lowriders” and they are showing us several of there finest automobiles. The common elements are the love of the automobile, care and detailing that goes into each and camaraderie of the owners. Packards always draw a crowd and they are excited to see us. We will have local press coverage & trophies. After some time to explore the show and museum, we will drive a few blocks to the Comfort Inn Oxnard. There you can relax and get ready for dinner. We have our own banquet room with a no host bar and a catered Bar-B-Que dinner from a fine local restaurant. A short program follows with plenty of time to visit with your fellow members. On Sunday, after breakfast at the hotel (included in the room rate) or next door at IHOP, we have several suggestions. You can explore Oxnard and/or Ventura harbors or many of us will travel east on hwy 126 to the Santa Paula airport to see vintage planes on display & flying (lots of activity on this first Sunday of the month at the airport). And then maybe on to Fillmore to see the train and quaint shops. And, don't forget to get your fresh fruits and vegetable while in the area. You can continue on hwy 126 to the 5 freeway for your trip home.

Please join us; get out of the LA/OC August heat and spend your weekend in cool Oxnard.

**Questions** – call Jay Johnson 626-780-6397 or Dan Murphy 805-320-9479
